**Masonic Village** *Elizabethtown*

*The Masonic Village's Bleiler Caring Cottage is home to eight adults with mild to moderate developmental disabilities. The program provides the residents with support services which enable them to enjoy a fulfilling lifestyle.*

## **Professional Services** \_\_\_\_\_

The Bleiler Caring Cottage is staffed by friendly, compassionate and experienced professionals who believe each resident deserves dignity and respect.

The staff embrace a holistic approach to providing exceptional care for the mind, body and spirit within a nurturing environment. Personalized services are offered 24 hours a day, seven days a week, including the administration of medications and personal care.

## **Activities & Social Programs** \_\_\_\_\_

The cottage is central to many social and recreational opportunities offered on the campus, such as a wellness center, indoor and outdoor swimming pools, farm market, model railroad club and non-denominational church services.

Staff strive to create an interactive, stimulating environment through lifelong learning and leisure programs. Supervised activities are arranged with the adults' developmental goals in mind to enhance their self-esteem, recognize their talents and explore their creativity. Residents are encouraged to seek out their own interests and career opportunities within the local community, as they desire.

## **Rates** \_\_\_\_\_

The per diem rate includes accommodations, three nutritious meals, social and recreational programs, transportation and assistance with activities of daily living. Assistance may be available through funding with the Lancaster County MH/MR office.
