Elizabethtown
Masonic Village 

Continuing in the fine Masonic tradition of community service provided by the Masonic Villages, the Outreach Program provides information, direction and education to individuals and families throughout the United States.

We established the Outreach Program in order to offer assistance to others in our communities. Through specialized programs, information, referrals, education and home assistance, the Outreach Program provides guidance to those in need. If you or someone you know needs help, you may reach us using the contact information listed on the back of this brochure.

Loan Closet

When the need for medical equipment arises, finding and obtaining the necessary equipment can be a challenge and it can place a financial burden on an individual or family. The Outreach Program's Loan Closet offers a limited supply of durable medical equipment on a loan basis for short-term use, including hospital beds, wheelchairs, walkers, canes, shower chairs and other varied equipment.

Dementia Caregiver Support and Education Group

Caring for a loved one can be a rewarding experience and, at the same time, a stressful one. The Dementia Caregiver Support and Education Group is designed to provide an opportunity for caregivers to share information and experiences and to learn about a variety of available resources.

Information and Referrals

The Outreach Program provides information on community services, personal care and skilled care homes, and government and state programs that provide assistance to individuals in need. Staff can help you understand what services may be available and refer you to an appropriate agency.

Education

The Outreach Program also provides a variety of educational and informational seminars on various topics throughout the year. Check our Web site to see a listing of upcoming sessions.

Although the majority of our services are available to everyone in the community, below are three services that have been designed for Pennsylvania Freemasons and their families:

Home Assistance

Financial assistance may be available to Pennsylvania Freemasons and their eligible family members. Whatever the need, Outreach will work closely with each individual to determine exactly which service is most appropriate. Call the Outreach Program for more information on this program.

Panel of Attorneys

The Outreach Program has a list of attorneys who volunteer their time and may be available to give direction to distressed brethren, their spouses and widows who are unable to retain counsel. Attorneys on the panel may also be able to offer assistance to individuals needing legal advice who have the ability to retain counsel.

Finance Panel

Members of the finance panel have agreed to share their time and talents with Pennsylvania Masons and eligible family members who are in need of developing or improving budget skills. Each panel member has a professional background in the field of finance.

The Masonic Village is a smoke-free community.
